

TO: North County Library Authority (NCLA) Commission

FROM: Kim Juran-Karageorgiou, Staff Liaison

SUBJECT: Review the results of the June 30, 2014 Financial Audit

RECOMMENDATION:

Presentation of the results of the June 30, 2014 North County Library Authority Basic Financial Statements

BACKGROUND:

On an annual basis the financial records of the North County Library Authority (NCLA) are independently audited as part of the City of Los Altos general audit contract. The results of the audit are shared with the NCLA Commission on an annual basis.

DISCUSSION

The City of Los Altos engages the independent audit firm of Maze and Associates. This audit year is noteworthy in that it represented the first year of review by this audit team.

The NCLA has again achieved an unqualified or “clean-opinion” with no findings, as did the City of Los Altos as well. The attached report includes an executive summary, known as a Management Discussion and Analysis (MDA) providing an overview of the favorable financial results achieved.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of the Board of Directors
of the North County Library Authority
City of Los Altos, California

We have audited the accompanying financial statements of the governmental activities and the major fund of the North County Library Authority (Authority), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Authority as of and for year then ended June 30, 2014, and the respective changes in financial position in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis and budgetary comparison information for the General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Maze & Associates

Pleasant Hill, California

**North County Library Authority
Management's Discussion and Analysis
Fiscal Year Ended June 30, 2014**

The North County Library Authority (NCLA) prepares its financial statements using the financial reporting requirements prescribed by the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. The purpose of the Management's Discussion and Analysis (MD&A) is to provide users with a narrative introduction, overview, and analysis of the financial statements.

FINANCIAL HIGHLIGHTS:

- Net position is positive and has increased by \$528,693 at year end, slightly above the 2013-14 budget projections.
- The total liabilities increased by \$28,393 at year-end as a result of slightly higher accrued accounts payable invoices.
- Interest revenue increased by 68% as a result of higher cash investments as interest rates continue to experience historic low levels of yield given persistent market conditions.
- On June 8, 2010, the voters of Los Altos and Los Altos Hills approved a renewal of the prior tax at \$76 per parcel for a twenty year term. The measure received 77% support ensuring continued service levels at both Library branches. No issuance of debt was associated with this funding which is to be applied to library hours at both the Main Branch & Woodland, books, materials, programming and general purposes. This important measure allowed for the continued maintenance of augmented hours of operation and resulted in increased revenues of over \$300,000 per year. This places fund projections in good standing.
- Total salary and administration increased by \$36,371 or 8% in line with budget projections. The FY 2013-14 expenditures also decreased book funding to \$25,000. This being considered, operational expenditures were down significantly. With this level of expenditure location service hours were maintained including annually updated County labor costs and the full standard books donation levels.
- In May 2005 Measure A was presented countywide to the voters and passed with 72% of the vote. The tax will continue the same level of funding as the prior tax with a slight increase through 2015 for those Santa Clara County cities participating in the Library Joint Powers Authority. This tax is expected to provide approximately \$5.4 million for the countywide Joint Powers Authority in annual revenue enabling the library to maintain countywide service levels comparable to prior years.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the NCLA's basic financial statements that include the Government-Wide Financial Statements and the Fund Financial Statements.

The *Government-Wide Financial Statements* are designed to provide readers with a broad overview of NCLA's finances, in a manner similar to a private-sector business. They are comprised of the *Statement of Net Position* and the *Statement of Activities*.

The *Statement of Net Position* provides information about NCLA’s assets and liabilities, including all long-term obligations. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of NCLA is improving or deteriorating.

The *Statement of Activities* provides information showing how NCLA’s net position changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The *Fund Financial Statements* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. NCLA’s Fund Financial Statements contain only *Governmental Funds*.

Unlike the Government-Wide Financial Statements, the *Governmental Funds* focus on how money flows into and out of those funds and the balances remaining at year-end. These funds are reported using the modified accrual accounting, which measures cash and all other financial assets that are readily converted cash. The fund statements provide a detailed short-term view of NCLA’s general operations and the basic services it provides. These statements do not include long-term assets or liabilities.

GASB 54 Compliance: This report marks the second and timely year of compliance with the provisions of Government Accounting Standard Board Statement No.54 (GASB 54). Council adopted an updated financial policy earlier this year reflective of this change, a significant one for the readers and users of our financial statements. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

NCLA Net Position		
	Government-Wide Activities	
	6/30/2014	6/30/2013
Current Assets:		
Cash and investments	2,368,319	1,811,700
Accounts Receivable	885	418
Total Assets	2,369,204	1,812,118
Current Liabilities:		
Accounts and salaries payable	240,793	212,400
Total Liabilities	240,793	212,400
Unrestricted Net Position	2,128,411	1,599,718
Total Net Position	2,128,411	1,599,718

Total Net Position was \$2,128,411 at the end of this fiscal year, a gain of \$528,693 over the prior year. This improvement in fiscal metrics is in line with long term projections constructed in the

budgetary planning process. NCLA has the authority to continue to levy the special parcel tax annually in accordance with its mission to support library services in Los Altos and Los Altos Hills.

NCLA Net Position		
	Government-Wide Activities	
	6/30/2014	6/30/2013
Revenues		
Program Revenues		
Charges for Services	1,039,441	1,070,186
General Revenues		
Interest Income	4,083	2,430
Total Revenues	1,043,524	1,072,616
Expenses		
Administration and Community Services	514,831	515,465
Total Expenses	514,831	515,465
Change in Net Position	528,693	557,151
Net Position, Beginning of Year	1,599,718	1,042,567
Net Position, End of Year	2,128,411	1,599,718

Program revenue reflect the new parcel tax base while the total expenses have remained stable and in compliance with budgetary limits.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- With the expiration of the legacy per parcel tax and its renewal at a maximum level of \$76, NCLA's revenue is projected to sustain twenty years of continued expanded levels of service. Final bond debt service requirements have been funded in full and new assessments are adequate to fund future operations over the long term. In so far as NCLA labor costs are derived from County services, the implementation of cost control measures at the County level remains a key assumption.
- NCLA will continue to supplement funding to provide an additional 12 operational hours per week at the Central Library and an additional 19 hours at the Woodland Library. In the fiscal year 2014/15 budget, NCLA continued to fund its book contribution at \$25,000 as a cost savings measure.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of NCLA's finances for all those who are interested. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the North County Library Authority, One North San Antonio Road, Los Altos, CA 94022.

NORTH COUNTY LIBRARY AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The North County Library Authority (Authority), formed in 1985 by a joint exercise of powers agreement between the City of Los Altos (City) and the Town of Los Altos Hills, provides library services for member residents. The Authority was created to provide financing for capital improvements and additional services by the public libraries serving the area. Although the City owns the libraries and their sites, the County of Santa Clara (County) is responsible for all library operations. However, since 1991, the Authority has levied a voter approved special parcel tax to compensate for service reductions due to cutbacks by the County. The special tax has been collected by the County, transferred to the City, on behalf of the Authority, and then transferred back to the County for the specifically requested services provided by the libraries within the Authority's service area. The City performs administrative and accounting services for the Authority.

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The Authority's government-wide financial statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. These statements present summaries of governmental activities for the Authority.

These basic financial statements are presented on an "*economic resources*" measurement focus and the accrual basis of accounting. Accordingly, all of the Authority's assets and liabilities, including long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities and Changes in Net Position presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Certain types of transactions are reported as program revenues for the Authority in three categories:

- Charges for services
- Operating grants and contributions
- Capital grants and contributions

Governmental Fund Financial Statements

Description of Funds: The accounts of the Authority are organized and operated on the basis of funds, each of which is defined as separate fiscal and accounting entity with a self-balancing set of accounts. These funds are established for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

In accordance with Authority's adopted policies and budget, different types of funds are used to record the Authority's financial transactions. For financial reporting purposes, the Authority's funds are presented as follows:

NORTH COUNTY LIBRARY AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental Fund Type:

General Fund- The purpose of this fund is to account for all financial resources except those required to be accounted for in another fund. The general fund is required to be presented as a major fund.

The accounting and reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for on a "current financial resource" measurement focus. Accordingly, only current assets and current liabilities are generally included on the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

All governmental fund types are accounted for using the modified accrual basis of accounting, wherein revenues are recognized in the accounting period in which they become measurable and available to pay liabilities of the current period. Measurable means the amount of the transaction can be determined and available means collectable within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Revenues considered susceptible to accrual include property taxes (generally due within 60 days), charges for services, federal and state grants and interest. Expenditures, are recognized in the accounting period in which the fund liability is incurred, if measurable, except for principle and interest on general long-term debt which is recognized when due.

C. *Assets, Liabilities and Equity*

Cash and Investments

The balance of the Authority's cash account is available to meet current operating requirements. Cash in excess of current requirements may be invested in various interest-bearing accounts and other investments for varying terms. The cash balance at June 30, 2014 is maintained in the City Treasury and the Local Agency Investment Fund (LAIF) of the State of California.

The Authority participates in an investment pool managed by the State of California, titled LAIF, which has invested a portion of the pool funds in structured notes and assets-backed securities. LAIF's investments are subject to credit risk with the full faith and credit of the State of California collateralizing these investments. In addition, these structured notes and assets-backed securities are subject to market risk as to change in interest risk.

Investment Valuation

Highly liquid money market investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value in accordance with GASB No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Market value is used as fair value for those securities for which market quotations are readily available.

NORTH COUNTY LIBRARY AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Net Position and Fund Balances

Government-Wide Financial Statements

In the government-wide financial statements, net position is classified in the following categories:

Restricted Net Position - This amount is restricted by external creditors, grantors, contributions, or laws or regulations of other governments.

Unrestricted Net Position - This amount is all net position that do not meet the definition of "net investment in capital assets" or "restricted net position."

Fund Financial Statements

The Authority reclassifies fund balances into the following five categories to comply with the GASB No. 54, *Fund Balance and Governmental Fund Types*. Fund balance is defined as the difference between assets and liabilities.

Nonspendable fund balances will include amounts that cannot be spent because they are either in nonspendable form or they are legally required to be maintained intact. Examples of nonspendable fund balances include inventory and prepaid items.

Restricted fund balances will exist when constraints are placed on the use of those resources that are either externally imposed or imposed by law. In general, most reserve funds will fall into this category. The Authority reported no fund balances as restricted on the balance sheet of the governmental funds.

Committed fund balances are amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (Governing Board or Council).

Assigned fund balances will be amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted, nor committed. The intent can be made by either the governing body itself or a body or official to which the governing body has delegated the authority to (purchasing agent and business official). Appropriated fund balance and the majority of encumbrances will be reclassified into the assigned category. The Authority reported no fund balances as assigned on the balance sheet of the governmental funds.

Unassigned fund balances will represent those funds that have not been assigned, committed, restricted or considered nonspendable. The general fund will be the only fund that will report an unassigned fund balance, unless a deficit fund balance resulting from overspending in other funds exist. Fund balance in other funds will either be assigned, committed, restricted or nonspendable unless the fund reports a deficit.

NORTH COUNTY LIBRARY AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Authority management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - CASH AND INVESTMENTS

A. Summary of Cash and Investments

The City is responsible as the fiduciary of the Authority and manages investments on behalf of the Authority, which are pooled with those of the City. The investments made by the City Treasurer are limited to those allowable under state statutes as incorporated into the City's Investments Policy that is even more conservative than that allowed by State statute. The City's Investment Policy and the California Government Code allow for a variety of investments, which can be purchased and held.

Cash and investments as of June 30, 2014 consist of the following:

Cash pooled with City of Los Altos	\$206,648
Investments - LAIF	2,161,671
	<u>2,368,319</u>
	<u>\$2,368,319</u>

B. Summary of Cash and Investments

The table below identifies the investment types that are authorized for the Authority by the California Government Code and the Authority's Investment Policy where more restrictive. The table also identifies certain provisions that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Remaining Maturity	Maximum Credit Quality	Maximum Percentage of Portfolio	Maximum Investment In One Issuer
U.S. Treasury Obligations	5 years	None	None	None
U.S. Agency Securities	5 years	None	None	20%
Bankers' Acceptances	180 days	None	20%	10%
Commercial Paper	180 days	A1/P1	15%	5%
Negotiable Certificates of Deposit	3 years	AA	50%	10%
Corporate Medium Term Notes	3 years	AA	15%	5%
Repurchase Agreements	180 days	None	20%	10%
Money Market Mutual Funds	None	AAAm	20%	10%
Local Agency Investment Fund	None	None	None	\$50 million

**NORTH COUNTY LIBRARY AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2014**

NOTE 2 – CASH AND INVESTMENTS (Continued)

C. Risk Disclosures

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market rates. Typically, the Authority manages its exposure to interest rate risk by investing in LAIF and Money Market Mutual funds. The Authority monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. The Authority has no specific limitations with respect to this metric.

Investment Type	Fair Value	Maturity In Years
Local Agency Investment Fund	\$2,161,671	1 year or less \$2,161,671

Credit Risk

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. LAIF was unrated at June 30, 2014.

Concentration of Credit Risk

The investment policy of the Authority contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total Authority investments that are required to be disclosed.

Custodial Credit Risk – Deposits

This is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105% of the secured deposits. As of June 30, 2014, the Authority's bank balance was either insured or collateralized, but the collateral was not held specifically in the Authority's name.

NORTH COUNTY LIBRARY AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
Fiscal Year Ended June 30, 2014

NOTE 2 – CASH AND INVESTMENTS (Continued)

Custodial Credit Risk- Investments

The Authority is a voluntary participant in the LAIF, which is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the Authority's investment in this pool is reported in the accompanying financial statements and amounts are based upon the Authority's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

Fund balance, end of year			\$2,128,411	

NORTH COUNTY LIBRARY AUTHORITY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
Fiscal year Ended June 30, 2014

NOTE 1 – BUDGETARY ACCOUNTING

The Authority annually adopts a budget on or before June 30th for the ensuing fiscal year. From the effective date of the budget, the amounts become the “annual appropriated budget.”

Appropriations lapse at the end of the fiscal year. Supplemental appropriations, which increase appropriations, may be made during the fiscal year.

Budget information is presented for government fund types on a consistent basis with accounting principles generally accepted in the United States of America. Budgeted revenue and expenditure amounts represent the original budget modified for adjustments during the year.

This Page Left Intentionally Blank
